Vote On Pool Fund Will Be May 15th

The city council at an adjourned meeting Saturday night (gave the first reading to an ordinance calling for a city election on Monday, May 15, on the question of transferring $10,000 in the swimming pool fund to the purpose of repairing the city's water system, and retiring a portion of the water bonds. The ordinance calls for using $8,000 in water system repairs and $2,000 for retiring water bonds. There is accumulated more than $1,000 in interest on the swimming pool funds, and the city council finds that it may legally use the interest on any bond fund for any general municipal purpose.

The election is called under the provision of the law which states that city legislative bodies may ask for popular vote on the transfer of bond fund from one purpose to another, whenever, in their judgment theyfind that the original use for which the bonds were voted has become "impractical or unwise."

To carry the election two thirds of the voters must favor the transfer the swimming pool fund to the use of the city in making water system repairs and in retiring water bonds.

It was estimated at Saturday night's meeting of the council, that if the necessary vote is obtained a saving of 25 cents per $100 valuation could be made in the city's tax rate when it is fixed in August. The rate is now $1.90, and it was believed it could be reduced to $1.68.

The opinion was expressed that majority of th ecity's voters would prefer to have their tax rate cut, rather than building the swimming pool, and add its cost of maintainance to the general tax rate, in addition to other increases, either in tax rates or water rates, which the council believes will be necessary in order to make the repairs to water system, imperatively needed.

The ordinance calling the election will be published in the Nevada City Nugget next Friday morning.

On motion of Councilman, Armstrong, seconded by Councilman Murchie, the following resolution was adopted:

WHEREAS, under the provisions of an act of the Legislature of the State of California entitled "An act authorizing the incurring of indebtness by cities, towns and municipal corporations for municipal improvements, and regulating the acquisition, construction, or completion thereof," which became a law on February 25, 1901, and the several acts amendatory thereof, the qualified electors of the city of Nevada, at a special election called for that purpose and held on the 12th day of August, 1926, did vote upon a proposition duly submitted to them authorizing the incurring of said City of a bonded indebtedness of $10,000.00 for the acquisition of lands and the construction and equipment of a swimming pool and baths thereon, which proposition so voted upon by said electors at said election was duly carried; and,

WHEREAS, the trustees of said City of Nevada, after the canvass of the vote declared that the proposition had carried, did issue and sell said bonds to the highest bidder according to the law; and,

WHEREAS, the moneys derived from the sale of said bonds, to-wit, the sum of $10,000.00, is now in the treasury of said City of Nevada, and none of the same has been expended for the purposes for which it was raised; and,

WHEHEAS, many of the trunk pipe lines of the water system have been in use for as many years as is consistent with safety and capacity to render service; and,

WHEHEAS, the condition of said pipe lines has been a subject matter engrossing the attention of the Council for the past year; and,

WHEREAS, the recent water shortage was aggrevated by the breakdown in the Redwood Pipe Line on the Canada Hill side; and,

WHEHEAS, the manufacturers of said pipe lines have reported that in their estimation that the useful life of said wood pipe line has passed; and,

WHEREAS, the safety of the city from fire is dependent upon the capacity of the several named pipe lines to perform their functions; and,

WHEREAS, the expenditure of said sum of $10,000.00 and accumulated interest now in the Treasury, for the purpose for which it was voted, would increase the cost of City Government, thereby increasing the present tax rate; and,

WHERAS, the tax rates of National, State, County and City Governments are greater than is the capacity of the property owners to pay, and must be reduced; and,

WHEREAS, the transferring of the said sum of $10,000.00 and accumulated interest now in the Swimming Pool Fund, to the Water Fund, for the renewal of the several named pipe lines and the redemption of outstanding Water Bonds, would reduce the present tax rate at least 25 cents per hundred; and,

WHEREAS, all organized groups with tax levying powers, are called upon to reduce the present overload and high rate of taxation; and,

WHEREAS, the City Council deems it unwise to cause to be expended any moneys on projects that will require fixed charges for maintenance, without the expressed mandate of the voters:

THEREFORE, BE IT RESOLVED: That the Council of the City of Nevada hereby declares that it deems the expenditure at this time of the money so raised by the sale of said bonds, to-wit, $10,000.00, for the purpose for which said bonds were voted, as above mentioned, to be impractical, unadvisable and unfair to the tax payers, whose capacity to pay and whose condition in life has changed since the date when said bonds were voted.

BE IT FURTHER RESOLVED: That in the judgment of the council, it would be practical, wise and to the best interest of the tax payer, that said sum of apportioned to the Water Fund for the installation of the several named municipal projects, as follows:

Replacements of 14" wood pipe lin eon Canada Hill side. Engineer's estimate $3771.00

Steel pipe from corner of Clay andNimrod street tloong st. Engineer's estimate $1946.00.

Steel pipe from Rowe Alley to reservoir on Sugar Loaf side and connections; Engineer's estimate $1496.00.

Fencing reservoirs on Sugar Loaf side. Engineer's estimate $500.00.

Replacing pipe line from Nevada Irrigation District to City Reservoir; Engineer's estimate $120.00.

Enlarging City Reservoirs at N. side. Engineer's estimate $800.00

To retire Water Bonds approximately $2,000 more or less.

BE IT FURTHER RESOLVED: That each and every resolution heretofore passed by this Council relative to the subject matter herein involved be, and the same is hereby, rescinded.

BE IT FURTHER REOLVED that election be called on May 15th to give the electors of Nevada City an opportunity to express their will in this matter.

PROGRESS MADE AT CANADA HILL

The Canada Hill mine, or the old Charronat property, south east of Nevada City is a scene of busy operations these days.

The crew of six men cleared the ground around the old shaft of brush that had grown up since the mine was closed several years ago.

They have installed a small gas hoist and reconditioned the old head frame, and at present are cleaning out the collar to the incline shaft and will start retimbering to the water level preparatory to unwatering the old shaft, which is down 1,500 feet. This property has a known past production of $1,250,000.

Gordon Bettles and O. McCraney are in charge of operations.

Miss Mary Schmidt of San Francisco is spending her Easter vacation in Nevada City with her parents, Mr. and Mrs. Ed. Schmidt.

DRUNKEN MAN PLAYS TAG WITH AIRDALE

Nightwatchman William Jeffrey making his rounds after midnight Friday night saw what he believed was two dogs playing in the street. One of them was the familiar bob tailed Airdale that makes his home anywhere, and the other was less distinct under the street lights but seemed a very lively playfellow of the dog. Both were rolling and capering about on all fours. Nearer approach revealed an inebriated man in a very frolicsome mood engaged in a friendly tussle with the dog. The dog was deprived of his companion for the rest of the night.

"SOMETHING IN THE WIND" FOILS JAIL BREAK

How did Sheriff George Carter learn that "something was in the wind" and thereby prevent a jail break last Friday afternoon? The sheriff himself cannot tell precisely what it was that warned him. But it was a series of straws in the wind that finally set him ferreting out the plot.

"There are six prisoners in the jail, waiting trial on felony charges, or already convicted," said the sheriff. "That alone makes a man careful. But we had one fellow, who had been stalling along, getting his trial postponed from time to time. He was very glum, hardly ever had a word to say. One day he suddenly became very talkative, was full of jokes and had a lot of conversation on tap. It put me to thinking. So, just on genbral principles, I went in and gave that jail a good thorough going over.

"I found the steel cover of the window, which has a good many half inch holes in it for air, had a square sawed out, a hole big enough to let a man through. It had been cut thru and then replaced and fastened in with chewing gum. That was not all, outside the window, where the masonry comes so close to the wall that a man could not squeeze through, they had worked the mortar loose around one of the rocks, using an iron side piece of a bed for that purpose. In another day or night my birds would all have flown. As it is now, every man in jail room has that much more credit to his record. Each one is now in tank, while they are not so comfortable, but safer.

"I don't know how the saw got into the jail, but I do know they saved up a lot of butter from their food to make the saw work quietly."

STATE SCHOOLS NEED BLDG. CODE

SACRAMENTO, April. 10—(UP)—California today is in vital need of a comprehensive state school building code, in the opinion of officials of the state department of education.

While the recent earthquake revealed the need of stronger school buildings, there are many other reasons a building code is desirable.

"The earthquake is just a dramatic illustration of the danger of poor construction to the lives of our young people," said a department of education report to Governor Rolph.

"It should also call our attention to other types of physical harm that may accrue from poor schoolhouse planning or construction. Poor light ruins young eyes; poor ventilation may be directly responsible for respiratory ailments. Unhygienic seats or work places may lead to poor posture and curvature of the spine. Inadequate heat control may cause head and chest colds, while poor finish materials and inconvenient janitorial facilities may make for unsanitary conditions."

BENEFIT PROGRAM AND DANCE SET FOR MAY 1

Cleverness, colorfulness, and beauty will characterize the program and dance on May 1, to be given by the American Legion and Auixliary for the benefit of the child welfare fund in Redmen's Hall. The opening featur ewill portray the story of a little girl rising from a poor hom eand tattered clothing to the coveted post of Queen of May.

County Merger Plan Before Legislature

SACRAMENTO, April 10—(UP)—Consolidation of counties in California reducing the present 58 counties to 27 has been proposed to the legislature.

A constitutional amendment giving the legislature power to consolidate counties, but only with the approval of the majority of districts affected, has been recommended favorably to the assembly by the committee on amendments.

The measure was introduced by assemblyman B. J. Feigenbaum, San Francisco, in an effort to reduce cost of government in the state.

"The duplication of county government in the 58 counties is a waste of taxpayers' money," Feigenbaum said. "Operation of 58 counties as units of the state government was necessary years ago. Today with transportation facilities highly developed we dont need the county seat at our back door. Two or more counties can be consilidated and the seat of county government will be more available today than it was 50 years ago.

"The cost of county government in 1911 was $39,270,000. In 1930 it mounted to $292,000,000. Consolidation will decrease this cost.

"Further in our study of costs we find the small county per capita cost to be $35 against a per capita cost of $20 for the larger counties.

"The consolidation units should be based on population and we believe 50,000 to be the lowest economical unit."

A tentative rearrangement of the counties submitted to the committee resulting in 27 new units follows:

1. Del Norte, Humbildt, Trinity.
2. Siskiyou, Modoc.
3. Shasta, Tehama.
4. Lassen, Plumas, Sierra.
5. Butte, Glenn, Colusa, Sutter.
6. Nevada, Placer, El Dorado, Alpine.
7. Mendocino, Lake.
8. Sonoma, Marin.
9. Napa, Yolo, Solano.
10. Sacramento.
11. Amador, Calaveras, Tuolumne.
12. Alameda, Contra Costa, San Joaquin.
13. San Francisco, San Mateo.
14. Santa Cruz, Monterey.
15. Santa Clara, San Benito.
16. Stanislaus, Merced, Mariposa.
17. Fresno, Madera.
18. Tulare, Kings.
19. Mono, Inyo.
20. San Luis Obispo.
21. Kern.
22. San Bernardino.
23. Santa Barbara, Ventura.
24. Los Angeles, Orange.
25. Riverside.
26. San Diego.
27. Imperial.

NEVADA CITY HIGH AWARDS SPORT LETTERS

A special assembly was held last week for the purpose of awarding football and basketball letters to the boys who participated the required quarters, in those two major sports at the Nevada City high school.

The following boys received football awards which are gold letters on a purple background: Wesley Barry, Bob Tamblyn, Aldo Casci, Delbert Schiffner, Harry Brown, Bob Tucker, Tom Doyle, Ralph Pierce, Elmer Oates, Bill Sharp, John Hoffman, Allan Joy, Warren Chapman.

The following boys received basketball awards which are purple letters on a gold background: Henry Toccalini, Aldo Casci, Ralph Pierce, John Sbaffi, Gove Celio, Wesley Barry, Warren Chapman, Elmer Oates, Bob Tucker, Gus Wasley, Bill Sharp, Harry Davey, Bob Tamblyn, Tom Doyle, Delbert Schiffner.

HIGH SCHOOL BAND TAKES FIRST CONCERT TRIP

Friday the band members plus a number of other high school students and several members of the faculty made a trip to East Nicolaus high school near Marysville, where the band, under the direction of Mr. Sweeney, presented a concert.

Leaving the high school at 4:30 p. m. the party arrived at the East Nicolaus high school where an appetizing banquet was served by the domestic science class. After several speeches which included a welcome address by Mr. Thomas the principal and a few words by the East Nicolaus band instructor and a short talk by our own Mr. Sweeney thanking our hosts on behalf of the band, the band members donned their uniforms at 8:15 and presented the following concert in the auditorium to an appreciative audience.

French National Defile March ..... Turlet

BOY SCOUTS FUND DRIVE IS COMING

Recently the Nevada City District Committee of Boy Scouts was reorganized and enlarged to include many business and professional men interested in Scouting. H. A. Curnow, District Chairman, and the committeemen, plan various activities in the interest of the Scouts, each committee undertaking a particular project. This increased adult activity has had its effect on the local troop.

Judge Raglan Tuttle has already increased Court of Honor attendance, both of Scouts and adults. The Camping Committee, W. F. Sharp, Leland Smith and William Fouyer, have already sponsored a troop trip to Camp Pahatsi. The Publicity Committee, M. D. Coughlin, J. W. O'Neill, and H. M. Leete, is functioning as are the Cub Committee of W. C. Perry, Judge G. L. Jones and Carl Tibiassen. The other committees, Civic, Service, Troop Organization, Safety, Reading and Entertainment, composed of R. J. Bennetts, Charles E. Parsons, Rev. H. H. Buckner, W. C. Fouyer, A. J. Rore, H. K. Kjorlie, O. McCraney, Frank Davies, Myers Mobley and Beverly Barron, are working under H. A. Curnow's direction.

The Transportation Committee and the Board of Review are awaiting opportunity to help. The members are F. F. Cassidy, R. R. Goyne, G. R. Carter, John Fortier, P. G. Scadden, Wade Armstrong, Rev. Patrick O'Reilly, W. E. Wright, A. W. Hoge and Gordon Bettles.

Like all organizations, Scouting as a movement needs financial support and the Nevada City District, through its finance committee, are planning shortly to come before the community for this assistance in conducting this work for boys. This committee composed of O. E. Schiffner, Meyers Mobley and Frank Davies, plans to put this part of Scouting on a businesslike basis, not just as a one year affair but to build up the idea that this is an annual community obligation for the boys of Nevada City, agres 9 to 12 for Cubs and over 12 years for Scouts.

Friday night, the finance committee made plans to reach all citizens to ask support of this worth-while program and have already met with gratifying encouragement.

Three Are Baptized Palm Sunday Morning

The Episcopal church was packed with the large crowd in attendance Sunday morning, or Palm Sunday, when a impressive service was rendered and three were baptized by Rev. Charles Washburn, the pastor. Those receiving the baptism were: Marie Elizabeth Smith, Billie Gracey and Colleen Louise Lewis. Special music by the choir was greatly enjoyed.

HIGH WIND RESULTS IN LOSS OF MAN'S TOES

A high wind at Boca nearly cost Alfonso Corria, section hand, his life early yesterday morning. He was riding on the front of the engine and attempted to get off while the engine was moving slowly. The wind caught him and almost threw him in front of the engine. To save himself he involuntarily braced himself with one foot against the rail. The wheel passed over his toes. Sheriff George Carter brough him to the county hospital, where Dr. Fickeil, county physician, amputated three toes. He thinks he may have to amputate the others. One of his legs was gashed.

PLAN TO LIMIT TAX, CITY AND COUNTY TO $1.50

SACRAMENTO, April 10—(UP)—A tax limitation bill so drastic that even some economy minded legislators thought twice before they approved it, has received committee approval and is now before the assembly.

This measure—a constitutional amendment which would be submitted to the people—would limit the county and municipal tax rate to $1.50 per $100 valuation. It could be overridden by a two-thirds vote of the people.

How this would affect Nevada county is seen by latest figures issued by the controller's office which reveal th ecounty's tax rate is $3.60. Based on that figure th ecounty tax rate would have to come down $2.10.

This proposal received assembly committee approval after a dramatic argument presented by J. H. Johnson, assessor of San Diego county.

"I was elected on a tax limitation platform, and I am here to urge the legislature to take drastic and decided steps in that direction," Johnson declared.

He then described conditions in his county and declared they were merely typical of the remainder of the state.

"Unless some tax limitation measure along these lines is submitted to the people, you're going to nave a tax strike on your hands that will tie up government," Johnson said.

Committee members were skeptical of the bill, despite the fact they sent it out "do pass." Several pointed out if the $1.50 limitation actually went into effect, tax levying bodies could get around it simply enough by raising the assessment rate. In other words if taxes were levied on a basis of 40 per cent valuation, levying bodies could raise this measuring stick to 80 per cent or 100 per cent, and thus secure as much revenue as under the old regime.

Johnson admitted this loop hole was apparent but added that officials would hesitate to resort to this subertfuge because of the overwheiming sentiment in favor of cutting governmental costs down to the bone.

Other assemblymen pointed out that such a tax limitation would be in effect until repealed. In event of a prompt return to prosperity counties would be shackled to a tax rate that would not meet the needs of the county.

MORE KOPP COTTAGES FOR HOME SEEKERS

Karl Kopp(who owns the thriving Kopp's Bakery, in this city, is having two new cottages of two rooms each built on his property on Nimrod street bringing the total number of new buildings up to 13. He is also adding an extra room to several of the other houses on this property.

As Nevada City is so short of homes, the Nugget always is pleased o record more housing for those who are trying so hard to locate here

STRAW BALLOT IS FUTILE FIZZLE

Tell the truth and shame the Devil. Here goes, and it's one on the Nugget. Twice we ran a straw ballot blank on our front page inviting the good people of Nevada City to express their sentiment regarding the transfer of the municipal swimming pool fund to water system repairs.

Well, it comes hard, but the truth must out. We received just six votes. Five of them were in favor of turning the pool fund over to the city for water system renovation, and one was against it.

If straws show which way the wind blows this particular straw show that the swimming pool fund is about to be converted to making the city safe in its water supply.

THE EDITORIAL CIRCUIT RIDER

The Akron disaster promises to sound the death knell for this type of airship, as far as the United States is concerned, in the belief of California editors.

Is it worth while, they inquire, to continue experimenting with these cumbersome airships in view of the navy discouraging experiences, not only in this country, but abroad, each bringing appalling loss of life?

"Development of the type since the war has not been encouraging," said the Orange Daily News. "It has never been proven that the dirigible can do anything which the airplanes can not do more effectively and more cheaply. The cost of the dirigible has been out of all proportion to its effectiveness and the danger to its crews can scarcely be justified."

"In any event it will be most discouraging to the navy department," remarked the Santa Barbara Morning Press, "for it was thought that the Akron was the last word in lighter-than-air craft construction, and that the remarkable advantages of the Graf Zeppelin, which was not so large or so modern as the Akron, had demonstrated the usefulness and comparative safety of this type of ship."

Confidence will not easily be restored in the value and usefulness of these ships, said the Stockton Record, adding:

"The American people will remember, in addition to the Akron tragedy, the fate of the Shenandoah when struck by lightning and plunged to earth with the loss of 14 lives. They may remember that all told over 270 men have met death in non-combatant mishaps to dirigibles of the United States, Great Britian, France, Germany and Italy since 1913. Our most ardent militarists have not been able to build up a convincing case for these great gas bags costing millions of dollars and providing an almost certain entry into a suicide club for those who man them."

Commenting on the huge loss in lives and money caused by dirigible disasters, the Berkeley Gazette said:

"Today the American people are asking: "Does it pay?' Tomorrow, and in the days to follow, they will have more to say on what seems to many to be futile experimenting with these unwieldly monsters of the air. In the meantime the sympathy of the nation goes out to the survivors of the gallant men who fought so valiantly for their lives during the terrifying final moments before the Akron plunged to its death."

PATRONIZE NUGGET ADVERTISERS — IT PAYS!

The Quest

A restless breeze goes straying
Across the landscape fair,
It whispers in the tree tops,
It searches here and there
It rustles thru the grasses,
And flies across the fen,
It cannot rest untill it finds
The little homes of men.

And when at length it finds one,
It breaths a soft, low song,
And quickly thru the portal,
It slips and glides along;
With touch of fairy fingers
It stirs each open door,
It dances in the sunlight.
That lies upon th efloor.

A while it seems to listen,
Then with a whispering sigh,
It joins its eerie laughter
With mother's lullaby;
And rising, oh so gently
In little wiffs and swirls,
It toys for just a moment
With baby's golden curls.

Our eager thoughts go straying
Across the shining world,
They fly from mountains hoary
To shores with white waves pearled;
They seek the caves of ocean,
They walk among the stars,
But rest, and peace, and love they find
Behind Home's window bars.

A. MERRIAM CONNER.

WEEKLY COMMENT

CHRISTIAN ANDERSEN

The President remitted 15 per cent of his first months salary to the treasury thus taking some of his own drastic economy medicine and in his case that amounted to about $930.00, which is setting a good example.

There are many men who are considered leaders in this country who are supporting the new Democratic administration with might and main. There are other men, not considered leaders, who are seriously hampering the forward march to economic recovery by creating dissatisfaction with their insidious attacks on Roosevelt and the sincere men and women who are his aides. They are mere disturbers and their words should not carry any weight.

Italy is preparing to send some 3.2 wine to this country. Well maybe we can exchange some good 3.2 beer for some of it. By the way that 3.2 is not al all bad (so some of my friends say).

Dunn and Bradstreet financial agencies, report a quickening in display advertising and merchants throughout the country report a very encouraging response to the increase in space used. Of course I am willing to acknowledge that there are inopportune times to advertise, but right now in my opinion is a time for judicious use of advertising. Especially is this true in seasonable merchandise.

It is certainly getting harder and harder for hoarders in this country. Just think one may be fined $10,000 or spend 10 years in jail. Right here my wife butts in with this cruel remark, "Well thank goodness we have no worries that way."

A cartoon in the metropolitan press by Winsor Mckay together with an editorial on dictators, certainly presents a sad picture of humanity grovelling among the ruins of his self created civilization. One must read to the end of that editorial. The story is told in a climactic finish with sane prophecy as to the ultimate outcome of the whole thing, which according to Mr. McKay will be a bigger and better civilization based on truth, equality and intelectuality, instead of greed, avarice and dollar worship. Let's drink a toast to that in our our 3.2 brew.

The Soviet Republic of Russia have lister in defense department one million carrier pigeons. That seems to me a good asset because when her soldiers come home from the next war they will be tired and hungry and the pigeons can be made into one gigantic pigeon stew. Every body can have a good helping of the stew though it is doubtful whether a million pigeons would satisfy even mementarily the appetite of a million Russian soldiers.

NOW AGAIN, LEST WE FORGET, TELL THE WORLD THAT NEVADA CITY IS THE GATEWAY TO THE MOUNTAIN PLAYGROUNDS.

SPANISH MINE TO BUILD TRAM

The Spanish mine at Washington has let a contract for two miles of tramway to be built on the property in their new mine operations. Mr. Grundle will be here in a week to supervise operations.

Mr. James Bradley, superintendent of the Spanish mine, and his wife stopped over in Nevada City recently, on their way to the property where he has assumed control and started operations.

THUGS SENTENCED TO 90 DAYS IN JAIL

Assistant District Attorney Robert Tharp Thursday morning conducted a hearing in Justice of the Peace Oscar Winburn's court in Grass Valley, in the case of the People versus Gus Erickson and Monte Newman, accused of assault with a deadly weapon upon Edward Lee in a Grass Valley restaurant. Subsequent to the arrest of the two accused men, a blackjack was found in the rear of one of the hotels in the city. Lee, however, was unable to identify the weapon, but declared that both men had attacked him and beaten him until ne was half conscious. On motion of Tharp the charge was reduced to battery. The two pleaded guilty and were sentenced each to 90 days in jail.

E. L. Morgan of the Texaco Oil Company with offices at Auburn, California, paid this office a pleasant visit this week.

Yours for

10c a day

. . . Think of it! A real Remington Portable typewriter for only 10c a day! Two shift keys, standard four row keyboard. Attractive pica type. A honey! .... Come in and see it.

Arrive Nevada City 12:20 p. m. 3:05 p. m. 6:30 p. m.

SENATE ADOPTS BILLS TO SLASH SCHOOL COSTS

SACRAMENTO, April 10—(UP)—School costs in California must be reduced in the opinion of state senators as reflected in the passage of two education finance measures designed to bring direct relief to the local taxpayer.

The first of these measures, introduced by Senator Herbert C. Jones, San Jose, provide for a reduction of one-third in the maximum taxes which may be assessed by a school district.

Specifically the bill as approved by the upper house provides that elementary school districts may levy a tax or not more than 47 cents per $100 valuation instead of 70 cents for building purposes, and reduces permissive levies for general school purposes from 30 to 20 cents.

In high school districts the levy would be reduced from a maimum of 75 cents, under terms of the bill.

This, it was explained, would mean a reduction of one-third in the elementary districts taxes of $41,564 and high school districts taxes of $37,446 collected in Nevada county on the basis of 1931-32 assessments

DIRECT TAX SAVING

The proposal means a direct savings for taxpayers, according to Senator Jones, because the district taxes are assessed on common property and in 1932 these assessments totaled $101,096,969 or 59 per cent of all the revenue for school support in the state. It is estimated that of the remainder, $28,854,005 or 17 per cent was paid by the state and $39,644,607 or 23 per cent by the 58 counties.

The second major economy bill passed by the senate provides that counties must limit school assessments to $30 per unit of average daily attendance of elementary schools, and $60 per unit in high schools.

With numerous bills—some drastic, some conflicting—ready for action, no major educational economy plan has yet been approved by both houses.

STATUS OF BILLS

A few have passed the senate, some the assembly, but for the most part their fate is in the hands of committees.

A concerted effort to maintain the present educational system has been carried on by teachers organization. Just as sincere in purpose has been the smaller and less organized taxpayers' associations, seeking to effect economies.

Major issues before the legislature and their present status include:

Consolidation of elementary school districts into high school districts has been approved by the assembly educational committee and is before the lower house. The bill would reduce the number of districts from 3,600 to below 300.

Raising of the kindergarten age from four and one half to five years has been passed by the senate and approved by the assebly committee. It is before the assembly for final passage.

MAXIMUM LIMIT SET

Reduction by one third of the maximum district school tax has been approved by the senate and is before the assembly committee.

Authorization of county supervisors and the superintendent of school to review school budgets has passed the senate and is before the assembly committee.

A constitutional amendment providing the county shall raise not less than $15 and not more than $30 as its contributing share to school costs also has the approval of the senate and is before the assembly committee.

Establishment of a minimum fee of one dollar for adult education and allowing the board of education to approve courses of study is before the senate committee.

Increase of average daily attendance from 35 and one to 35 and five for teachers units has been approved by the assembly committee and is before the lower house.

Abolition of teacher institutions has passed the assembly and is before the senate.

Abolition of the division of research and statistics in the department of education has passed the senate and is before the assembly committee.

A bill abolishing the division of school house planning has not been acted upon.

Suspension of printing of the school code has passed the senate and is before the assembly committee.

UNIVERSITY ECONOMY

In addition to the above measure the burget bill when finally presented to the assembly is expected to contain major reductions in costs of the University of California, the teachers colleges of the state and the department of education.

An average reduction of 20 per cent in the three branches has been proposed by members of the committee and the recommendation will approximate that figure it was reported. The University of California allowance will probably be in the neighborhood of $12,000,000 for the biennium instead of the $15,000,000 proposed in the original Rolph budget.

One measure which proponents of economy declared would allow the greatest saving in cost has been defeated in committee. Thas is, the measure abolishing rural supervisors. Advocates contended that a savings of $3,000,000 would be effected and that amount would be reflected in decreased district school taxes.

Another bill effecting the $11,000,000 perpetual school fund is before the assembly. It provides that the money be borrowed for use in the reconstruction of school buildings damaged in the recent southern California earthquake.

Were all economy measures named effected, the saving to the state would run into hundreds of millions taxpayers representatives declare. Not all will pass but economy advocates are confident their efforts will return to the state a proper reduction in expenses.

FRENCH CORRAL

MRS. KATE M. SULLIVAN

FRENCH CORRAL, April 5—April, beautiful April is with in and it would seem that she has bought with her, "the good old summer time," and then some! The temperature of the past four days has made out door workers want to seek the shade for comfort sake. However, all nature is with beauty. Trees and flowers abloom, and the evening air heavy with the fragrant of Chaparral and Manzanita—it is just a joy to be living—Ex French Corral residents who read this item can just close their eyeh and imagine themselves back to the dear old home town again.

Election of School Trustees was Moulson present chairman of the board, was returned to office without opposition.

Miss Francis Moulton came from Sacramento Saturday. In the evening accompanied by her mother and Mrs. J. Culver, she went to Nevada City to visit her sister Mrs. L. Dudley at the Nevada City Sanitarium. Mrs. Dudley underwent an operation Monday for removal of appendix. She is recovering nicely.

J. Swazey went to Nevada City Saturday.

Mrs. J. M. Swazey and babies, visited friends in French Corral Sunday. They returned to Nevada City Sunday evening.

Mr. and Mrs. Rundy of Sacramento were Sunday visitors.

Mr. and Mrs. Wilcoxon and Mrs. Wilcoxon's mother, Mrs. E. Hartung of Pleasant Valley wer Sunday visitors at the home of Mr. and Mrs. J. W. Culver.

Mr. E. DePrati is making a short visit at his home in French Corral.

Mr. and Mrs. Foster Sr., and Mr. and Mrs. Foster Jr., of Birchville, who are spending tent life on the old Bynon place visited here Wednesday.

Miss Davis, school health nurse made a business trip to French Corral today.

Mr. H. M. Shields of the Nugget had business here today.

Mr. and Mrs. Al Joynes and little Betty, visited Mr. Joyne's old home near Wilsons Log Cabin resort Saturday and Sunday. His father who spent several weeks in the Rideout hospital in Marysville has recovered from his recent illnes sand has returned to his home.

CAMPTONVILLE GARAGE PUTS IN WATER SYSTEM

CAMPTONVILLE, April 10—William A. Lang, proprietor of the Lang Garage and Machine company, recently put a new water system on his property at the bedrock. A well was put down 25 feet and not enough water was found so a cross cut from the well some 20 feet was made, striking a large flow of good water. A high tower has been erected on a knoll and a 500 capacity tank erected on the tower, thus giving his property a good source of water for future use.

SCHOOL TRUSTEES ELECTED

CAMPTONVILLE, April 5—Earl L. Cleveland and Judge W. B. Meek members of the Camptonville Union Board of School Trustees were re-elected to their respective places at the annual school election held Friday afternoon at the Masonic Hall.

American Heroines

By LOUISE M. COMSTOCK

"Tom" Hunley

IN 1862 there was enlisted in the Union forces engaged in the Civil war a drummer boy named Tom Hunley. He was a frail little fellow, whom the soldiers often teased with looking more like a girl than a boy. But his father, Jeremiah Hunley, enlisted in the same regiment, kept Tom close at his side, and protected him not only from the taunts but even from the friendship of their comrades in arms. And for three years little Tom drummed the Northern troops along their weary marches and into desperate battle, and only two people, his own father and General Grant, ever knew that he was no drummer boy, but a little girl!

Tom's father carried the secret to his grave a few years after the close of the war. And General Grant told none. So that it was not until 60 years after her heroic deeds that the drummer boy herself, then a white-haired old lady, Mrs. Anna Glud of Oakland, Calif., told the strange story.

Jeremiah Hunley and his five motherless children lived in a border state. When the Civil war opened, two sons joined up with the Union side, two with the Confederates. Then the father was called. Afraid to leave his only remaining child, Anna, then ten years old, alone, friendless in a contested territory, he cut off her hair, dressed her in boy's clothes, told her to answer to the name "Tom" and set off to join the Union army. For two years "Tom" gallantly accompanied her father through some of the bloodiest battles of the war, her secret unsuspected.

Then, one day, General Grant inspected his troops. He was particularly struck with the diminutive drummer boy, decided she was too small for action, and ordered her mustered out and sent home to her mother! There was only one thing for her father to do. As soon as he could gain a private hearing with the general he explained that the drummer boy was no boy but his own daughter, and laid before him the circumstances which had prompted the deception. He begged that he might be allowed to keep her with him. And General Grant straightway shook the little drummer's boy's hand, swore himself to keep her secret, and ordered her retained in the service.

Thus it was not until the end of the war that little Anna Hunley returned to the dress and life that befitted a little girl.

OMEGA MINE IS SOON TO REOPEN

Mr. Lee Hunt and two associates, who are former army aviators, have started operations on the old Omega mine property north of Washington on the south Yuba river.

At present they are cleaning out the old shaft at the mine. This in former times was a rich producing old gravel property and has been worked by hydraulic methods until the Caminetti act stopped them.

LEGAL NOTICE

No. 6162
SUMMONS

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

HARRY RAMSDEN,
Plaintiff,
vs.
LINDLEY C. MORTON WALTER E. PARSONS and MARGARET E. PARSONS, his wife, ABSOLOM A. GILBERT, MRS. JANIE WOODROFFE, GENEVA SAMUELSON, ELIZABETH ALLEN GALE, BESSIE L. HYDE, HELEN P. SAWYER, JOHN LEE, LOUISE MARY FOX, CHARLES E. TABER and ELIZABETH M. TABER, his wife, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in this summons adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto.
Defendants

Action brought in the Superior Court of the State of California, in and for the County of Nevada, and the complaint filed in the office of the Clerk of said County of Nevada, in which said action Harry Ramsden is the plaintiff and the persons hereinafter named as defendants are defendants.

E. H. ARMSTRONG
Attorney for Plaintiff.

The People of the State of California send greetings to Lindley C. Morton, Walter E. Parsons and Margaret E. Parsons, his wife, Absolom A. Gilbert, Mrs. Janie Woodroffe, Geneva Samuelson, Elizabeth Allen Gale, Bessie L. Hyde, Helen P. Sawyer, John Lee, Louise Mary Fox, Charles E. Taber and Elizabeth M. Taber, his wife, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in this summons adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto.

Defendants.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten (10) days after service on you ot this summons, if served within this County or in thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, that said plaintiff will take judgment for any money or damages in the complaint arising upon contract or he will apply to the Court for any other relief demanded in the complaint.

The following is a statement of the object of the action:

The object of the action is to determine all and every claim, estate, lien or interest in the property herein described; that the plaintiff is now and has been by himself and his predecessors in interest, the owner of and in the actual, exclusive and adverse possession of the property hereinafter described continuously for the period of more than twenty years immediately preceding the filing of the complaint in this action, claiming to own the same in fee against the whole world, and that plaintiff has paid all taxes of every kind and nature whatever levied or assessed against said real property during the period of five years continuously immediately preceding the filing of the complaint aforesaid; that the claim or claims of said defendants is without right and that they have not, nor have either or any of them any right, title, or interest in said real property or any part or portion thereof;

The lands and premises affected by this action are situate in Nevada County, California and particularly described as follows:

Beginning at the Southeast corner of section 6, Township seventeen (17) North Range eight (8) East, M. D., thence along the section line on the east boundary of said section 6, North 0 degrees 13' West 1486.10 feet to the Northeast Corner of Lot No. 12, Block No. 3, Sebastapol Townsite; thence south 83 degrees 50' West 986.06 feet to an iron pipe, a corner common to Lots Nos. 11 and 12 Block No. 3 Sebastapol Townsite; thence South 21 degrees 22' West 1082.79 feet to an iron pipe, a corner common to Lots No. 11 and 12, said Sebastapol Townsite thence North 81 degrees 37' West 816.53 feet to an iron pipe on the east side of county road leading from French Corral to San Juan, a corner common to Lots Nos. 11 and 12 Block No. 3 Sebastapol Towsite; thence South 9 degrees 12' West 476.12 feet to fence post on the east side of county road and on the section line between sections 6 and 7; thence North 89 degrees 29' West 376.00 feet to quarter section corner common to sections 6 and 7; thence south 805.75 feet to the Northwest Corner of Gilbert; thence North 89 degrees 45' East 357.73 feet to a corner on the east side of county road; thence South 1 degree 18' West 550.00 feet to the south line of the North half (N½) of the Northeast quarter (NE¼) of section seven (7), on the east side of county road; thence North 89 degrees 45' East 2300.00 feet to the Southeast Corner of the North half (N½) of the Northeast quarter (NE¼) of section 7; thence North 0 degrees 13' West 1320.00 feet to the place of beginning, containing 124.91 acres.

RESERVING AND EXCEPTING HOWEVER, from the above described property Lot Thirteen (13) of Block Three (3) of the Townsite of Sebastopol described as follows, to-wit:

Commencing at the southeast corner of the lot, being at the upper end of the reservoir bed at the inlet of water supply, from which point the Section Corner, common to Sections five (5), six (6), seven (7), and eight (8), Township seventeen (17) North, Range eight (8) East, M. D. B. & M., bears about South 9 degrees East, at 462 feet more or less,

Thence, magnetic variation 17 degrees 30' East:—

1)-N 72 degrees 30' West, 120 feet.
2)-S 62 degrees 45' West, 328 feet.
3)-S 43 degrees 45' West, 176 feet.
4)-N 73 degrees 15' West, 255 feet.
5)-N 6 degrees 45' East, 90 feet.
6)-N 21 degrees 30' East, 197 feet.
7)-N 50 degrees 00' West, 162 feet.
8)-N 20 degrees 00' East, 312 feet.
9)-N 74 degrees 00' East, 179 feet.
10)-N 54 degrees 00' East, 246 feet.
11)-S 53 degrees 00' East, 157 feet.
12)-S 20 degrees 50' West, 351 feet.
13)-S 72 degrees 20' East, 154 feet.
14)-S 39 degrees 30' East, 297 feet to the point of beginning.

Given under my hand and the Seal of the Superior Court of the County of Nevada, State of California this 2nd. day of March, 1933.

KINGS (AND A QUEEN) IN THE "NEW DEAL"

(Editorial)

As Will Rogers, unofficial critic of Kings, Presidents and the world in general, remarked: "That list of new Cabinet members sent everybody scurrying through Who's Who, the World Almanac, and the United States Finger Print Department trying to find out who they were." For while the new Cabinet contains men well known in their various professions and activities and more than qualified for their important tasks, the names of many men prominent in the Democratic party were noticiably missing. However, the "Kings" in the "New Deal" are a capable and versatile group of men. It is rather a noteworthy fact that William H. Woodin, appointed as Secretary of the Treasury, has during his life time acquired a many sided nature. Although the son of wealthy parents, he fought his own way to success in business, being the head of two of America's largest corporations, and director in many other important business. Loving music, Mr. Woodin has composed not only such song hits as "Gypsy Love Song" and "The Rose of Seville," but five symphonies and a children's book of songs! In addition, he collects coins, plays the guitar, and like Hoover and Roosevelt, likes to fish. A versatile fellow, no doubt.

Frances Perkins, the "Queen" of the "New Deal," after making a life study of labor and social conditions is well equipped for the position of Secretary of Labor. Her appointment to this position will make history, since she is the first woman to be a member of the Presidents Cabinet.

THE BIG CHEESE

On the evening of April 4, the student body of the N. C. H. S. held their annual play, a snappy comedy entitled—"The Big Cheese." The theme of the play centers around Wallie Larkin, a mere bookkeeper in the Brewster Cheese Company, who, having lied to a girl from his home town, finds it necessary to pose as the president of the Brewster Cheese Company. This deception is carried on when the girl arrives in town, in the office of the real president's son, Bob Brewster. Many complications follow. The deception is cleverly carried out but in the end Doris Bancroft and her friend Verna Callaway find out that Wallie has been lying. Wallie's office force consists of a fake stenographer, who in reality is the daughter of the cheese king Samuel Brewster; Ted Spratt, a messenger; Bob Brewster, a bookkeeper, and Mabel Hogan the switch board operator yclept "The Voice With the Smile."

However, all's well that ends well, and so it was with "The Big Cheese."

Bob Tamblyn injected considerable realism into the part of Ted Spratt with his wads of gum, "ice cream sodys," loud ties, and too- affectionately-fitting trousers.

"Chich" Barker put himself into his part as the bookkeeper, and every one knows that means the bookkeeper was snappy, resourceful and alive to every situation.

Ruth Rector furnished a distinct office flavor with her demonstration of the elastic and other popular qualities of gum; her snooty office-girl airs; and her quick repartee.

Ruth Parker's part as Verna Callaway was too insignificant for the ability of the actress. Histrionic art bubbles from all Ruth's pores.

Warren Chapman's dramatic ability displayed itself in his heavy portrayal of Samuel Brewster, the choleric president of the Brewster Cheese Company.

Phyllis Horn put something of her own attractive personality, her soft voice and winning smile, into Doris Bancroft, and made her something of a person.

Margaret Tennant shows promise of a coming ingenue. She and Bob furnished much of the fun.

Wallace Moore was there with his accustomed zip. We should say there is no reason why the part does not fit Wallace like a cap.

Between acts the audience was entertained by selections played by the N. C. H. S orchestra. Home made candy was sold by the Girls' League during the evening.

We are sorry to remark that attendance at the play did not measure up to the performance of it.

"Shiver my timbers, a stowaway!" cried the astonished seamen as a slimy worm crawled out of the apple he was eating.

BIOLOGY HIKE

Wednesday morning, April the 5th the biology class of the Nevada City high school, conducted by Mr. Kjorlie, went on an observation hike. They left school at ten-forty-five and returned at one o'clock. They started on the Gold Flat road, but turned off on a trail through the trees until they came to Day's Pond. Here they ate their lunch, after which they returned to school.

The object of the trip was to observe all living plants and animals; so the students were keenly alive to ever bird, ant, bee, butterfly, cocoon, and frog that appeared above, on or under their path. The trophies of their chase are some frogs and frog-eggs; but the memories of their pleasure are more abundant.

A Visit To An Honored Relic Of Our Honored Past

The Constitution, or Old Ironsides, seemed a veritable lodestone during April 1 and 2. A large delegation of N. C. H. S. students climbed out of their beds, (if they went to bed that night) at one. Saturday morning in order to be on the Narrow Gauge when it pulled out of the station for Colfax.

It was a peppy crowd that boarded the big Special Southern Pacific train at Colfax. But after a few hours the crowd changed into a sleepy one. We all agree that Ruth Parker holds the championship for sleeping. It was next to impossible to keep her awake. As day began to break, the crowd began to regain their pep, so by the time we arrived at our destination we were full of vim, vigor and vitality.

The main business of Saturday morning was going to see Old Ironsides, which was most enjoyed by those who had to wait an hour or two to get aboard.

According to Gerald and others, Lucca's was the favorite eating place. The Fox and other theatres seemed to be well patronized as well as the Beach, both Saturday and Sunday.

The home-going crowd was split up into many different groups, as there were three or four different trains on which we could return. The two largest groups took trains that left Sunday morning and at 9:00 Sunday night. The group which came home Sunday morning arrived at Nevada City about 3:00 that afternoon; but the group that stayed until Sunday night arrived in Colfax at 2:30 a. m. where they had the choice of waiting for the Narrow Gauge which would arrive in Nevada City between 8:00 and 8:30 Monday, or coming home in Sutton's milk truck. The latter was the common choice, so we left Colfax at 3:15 and arrived home about 5:00 Monday morning, in time for a wink of sleep before school.

Much to the teachers surprise, all but two or three turned up at school that morning, half asleep to be sure, but there in body if not in wits.

SPORTS

TENNIS TOURNAMENT

For the past few weeks, tennis lovers of Nevada City high have had an opportunity to display their skill on the court by entering a tennis tournament sponsored by the physical education department. The doubles games have not been played yet, and the singles are still incomplete.

In the preliminary battles, Johnnie Chinn, Freshman, was defeated by Irene Felice, Sophomore: 6-0; 6-0. A tilt between Cecil Schiffner, Sophomore, and William Charronet, Senior, ended in victory for Charronet; 6-3; 6-2. Harry Davey and Tamblyn fought three hard sets which finally ended with Davey on the long end. These sets ran 3-6; 6-3; 6-4. Chick Barker, Senior, defeated Ben Sweeney, Junior, in another group of hard fought sets. The scores on these wer 4-6; 6-2; 8-6. John Hoffman, Snior, playing the winner of the Schiffner-Charronet games was defeated in two sets ending 6-4; 7-5.

In the semi-finals ,Harry Davey lost two sets to Chick Barker with scores of 6-3; 6-3. The winner of the match between Felice and Charronet will play Barker for the championship. These last sets, between the best tennis players of Nevada City high should prove very interesting to the students.

Well, gang, until next issue, study your lessons, and mind your teachers.

S'long.

LIBRARY NOTES

Do you know that when you keep a book out of the library over two weeks that there is a five cent fine for every day that it is overdue? This also applies to reference books which are kept out over one night.

This is not just another way of making money; it is a way to prevent you from being inconsiderate of others. Usually your reason for doing it are poor. You have more than likely laid it aside on the shelf and forgotten you ever had the book. So in the near future, let's be more thoughtful. It will not only benefit others but it will benefit ourselves. Nickels have an individuality in these days of moratoriums.

Florence Cerro requests that all over due books be brought to her so she can check them.

LISTEN, DUMB, DEAF AND BLIND

As long as the school year has progessed there are still some students who do not know how to make out a slip of "Loan Request" when taking books or magazines out of the library. The following is a model.

ROOM ..... Stud Hall
PERIOD ..... Fifth
STUDENT ..... Joe Bush
AUTHOR ..... Fowler
TITLE .....Chemestry for today
CALL NUMBER 206

The call number is what generally puzzles the students. If you are taking a book out you find the call number in the back of the book on a slip pasted in the book. Look for this yourself; don't make the librarian look it up for you.

If, however, it is a magazine you look on the cover for the date of the issue and put that under the call number on your "Loan Request."

In the past three or four months we have had some new books added to our library: Will James' Books, Parsens' Stream of History, and a fine set of World Books.

"REAL" BOOKS

Californians must have felt the second shock in two weeks, when Bernard Shaw, Irish playwright and wit, landed in San Francisco, on his trip around the world.

Though he had sworn never to visit America, where his plays have been widely produced, because he would be expected to say "pleasant things" about the country, Mr. Shaw apparently changed his mind.

He had just come from Hong Kong, where, in an address to university students, he told them to read "real" books instead of text books, and advised them always to argue with their teachers.

Blah By Ben

A padded cell for Alex McGuzzles He went goofy on jig-saw puzzles.

Have you gone cuckoo on jig-saws, too? I have finally discovered that is the main trouble with Ralph Pierce. He went completely mad looking for a missing piece on a puzzle when he was a kid, and evidently the piece is still missing.

Things are getting exciting about the school lately. We're keeping up with other schools by having fights and explosions every now and then. The fight was staged between Murch and Jeff one sunny noon time and the explosion, well, ask Mr. Kjorlie.

Since the navy has been around the West coast a great deal lately, we might sling a few jokes about the sailors. This with all due respect to our U. S. Navy whose watchword is, "We fear no one but God."

"Well, well," sneered the sea-captain to the new sailor. "Iy you're the veteran you say you are, you should show some evidence. Have you any scars on you?"

"I'm awfully sorry," replied the innocent fresh sea-man. "I'm all outa cigars. How about trying a cigarette?"

"Hey wots comin' off 'ere?" yelled the injured captain as he woke up and found them amputating his leg.

Then, of course, we have the foolish musician who went hunting for a furnished room with a saxaphone under his arm.

"Ahoy, drop me a line," cried the drowning sailor.

"Sorry," replied the helpful pal on board, "but I don't know your address."

Then we can't forget the army officer who divorced his wife because she insisted on eating navel oranges.

TRACK MEET RESULTS

Low Hurdles won by:

E. Oates Sr., second, Moore, Jr., third, R. Wilde, Frosh.

High Hurdles won by E. Oates, Sr. Ray Wilde Frosh second.

440 yard run won by Moore, Jr.

220 yard dash: Moore, Jr. first; Tamblyn Jr. second. Small Frosh, third.

880 yard run: won by Chapman, Sr. second, Stevens, Frosh; third, Flindt, Sr.

High Jump. won by Doyle, Jr. second, Joy Sr. third, Tambly Jr.

Shot: won by Casci, Sr. second Browning, Jr. third, Doyle Jr. distance 43' 6".

Football Throw: won by Oates Sr. second, Casci, Sr. third, Doyle Jr. distance 156' 5".

100 yard dash: won by Oates, Sr. second, Tamblyn, Jr. third, P. Orzalli, Frosh. Time 10.4

The points to date with the Broad Jump, Pole Vault and Relay still undecided, the points stand:

Seniors 38
Juniors 30
Sophs. 0
Frosh 9

TAPS FOR BASKETBALL

The Nevada high school brought to a close a successful basketball season last Friday.

The Nevada high "A" division took third place in the Sierra Foothill League. The "B" team, however, was not so successful; they did not win one league game all season. Nevertheless, they were good losers, and under the guidance of Coach "Bev" Barron showed great improvement before the season was over.

This is the last basketball a great many of these boys will play in Nevada City as every man on the "A" squad will be graduated with the exception of Ralph Pierce.

As for the games between Nevada City and Grass Valley, the results were just the reverse of those in years past. It was the first time the N. C. "A" squad has beaten G. V. in seven years Whereas our "B" team had not been defeated for seven years by Grass Valley.

Now that basketball season is over, the spotlight turns on track and baseball. It has been rumored that Nevada City will have spring football practice.

SENIOR PICTURES

The Senior pictures taken by Maurice of Grass Valley turned out very good (considering the material he had to work with), and the group pictures were equally good. Maurice has been very conscientious with the work that he has done, aiming to please. He plans to offer group pictures in a fine quality frame at 50 cents apiece. Without the frame students might buy them for 35 cents. These group pictures are about 10 by 8.

Most of the students should get at least one of these large group pictures.

JUNIOR RINGS AND PINS

The Juniors have received their rings and pins and seem to be well pleased with them. The rings and pins both bear a seal which portrays mining scene.

A plan was proposed but not yet accepted to choose this pattern as a school design for future Junior emblems. There seems to be much opposition to this plan; however, if a design could be picked which was agreeable to a majority the plan might go over.

TO THE BASKETBALL PLAYERS OF THE CLASS OF THIRTY-THREE

By Billie Kirkham (School Poet)

When we saw the teams come racing
down toward Nevada's hoop,
And saw the ball go sliding in
We've always cheered for "Scoop"
And when we saw a long shot
"Placed"
From the hands of a player small
We'd yell our very lungs out
Harry Davey shot that ball.

No matter how the odds stack up
He's there with a fighting pucker
There's not a better guard in town
Then Senior Robert Tucker.
And teams may come, and teams may
go
And players ten times ten
But when you take it all in all
There's none as good as "Hen."

Schiffner and Casci are so good
Their names are e'er remembered
And Johnnie Sbaffi, best of all
Of our Hall of Fame is membered
Hoffman, Oates, and Barry—
Your deeds will be retold
For years to come by loyal fans
Of the Purple and the Gold.

These boys will graduate this year,
From games they now are free
But ever will they be the pride
Of the Class of Thirty-Three.

SHORTS

Dean: (Addressing lazy student) "Have you been up before me since the beginning of this term?"

Cadent Franklin Tuttle: (Who is attending Military school) "I don't know Sir; what time do you get up?"

Miss Tremaine: "Have you been putting water in the ink, John Hoffman?"

John: "Yes, Miss Tremaine, I have been writing a note to Chick, and I wanted to whisper something to him."

Gove Celio (in English): "What part of the body is the fray?"

Ben: "Fray? what are you talking about?"

Gove: "This book says that Lancelot was wounded in the fray."

John Hoffman (to Miss Tremaine) "I wasn't in that fight."

"Harry Davey: "What fight—a sulphite?"

Excuses might be offered for Harry's miscomprehension, for the chemistry class at the time was then studying the sulphur family.

PINTS WORTH MORE QUARTS IN MILK WAR

SACRAMENTO, April 9—(UP)—"Grocery store mathematics" bid fair to out-distance the jigsaw puzzle in popularity if Sacramento's "milk war" continues.

At most any corner grocery the following conversation may be heard:

Customer: "How much is a pint today?" Grocer: "Six cents."

Customer: "And how muchi is a quart?" Grocer: "Two cents."

Customer: "Oh, I see; three quarts equal one pint."

The explanation lies in the claim that, because of the small demand for the pint-size bottle, it's cheaper to handle the larger containers during the hostilities between the distributors.

Herman Budelman, superintendent of the West End Mining property, formerly the Borax Smith holdings, was a Nevada City visitor last week end, stopping over to visit Mr. and Mrs. O. E. Schiffner. He was on his way to Nevada.

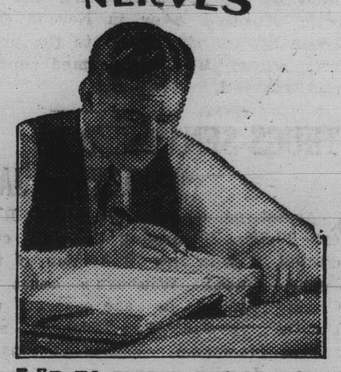

Mr. Gegan, field man of the Hercules Powder Company, made this section a visit coming up from the bay district.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills to Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Biliousness, Because They Have No Effect Whatever on the Liver or Its Production of Bile

Bile is nature's own laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, putrefaction, gas and disease germs.

When your liver becomes torpid or sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not digest—it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomach.

Sargon Soft Mass Pills will remove the cause of this condition and purify your entire system in nature's way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural in their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.

Five years ago it was generally believed that calomel and laxative drugs stimulated the liver, but modern science has proved that calomel, salts, mineral waters, oils and other laxatives have no effect whatever on the liver.

Sargon Soft Mass Pills act directly on the liver because they contain two amazing substances which highest medical authorities agree are the only effective stimulants to the bile-producng activity of the liver known to modern science. These substances stimulate and invigorate the liver to cleanse and purify itself through increasing its production of bile. This fresh bile immediately starts to work neutralizing acids and poisons, stopping fermentation and decay, cleansing and purifying the bowels and sweeping out accumulated poisons.

Unless you have tried Sargon Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.

Insist on genuine Sargon Soft Mass Pills. Don't be misled. There are only two known substances which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargon Soft Mass Pills contain both of these substances and no other advertised medicine on the American market today does contain them.

Only 60c for a full 30-day treatment. At your druggist, or write G. F. Willis, Inc., Atlanta, Ga.

SEAWELL FAVORS RILEY TAX PLAN

The following letter regarding the Riley tax plan has been received from State Senator Jerrold L. Seawell of this district.

April 10, 1933

Editor, Nevada City Nugget:

I have been requested by several papers to partially explain the Riley tax plan and the Feigenbaum Constitution Amendment repealing our present tax system.

The Feigenbaum amendment is contained in the Riley plan and has for its object the repeal of our present duel tax system. The Feigenbaum plan returns to the Counties, the operative properties of the privately owned public utilities for the purpose of local taxation returning to the old advalarum system that was in effect previous to 1910.

The Riley plan does likewise but does not invoke the advalorum system, but instead, creates a new tax base from which to operate. It provides for a gross income tax of 1 per cent on the gross income earned during the year above the sum of $100.00. If the Board of Equalization finds that the 1 per cent tax raises more money that is necessary they have the power under the act to reduce this percentage to a lower level which makes the tax rate flexible and will meet conditions as they arise. It, also, provides for a transaction tax and leaves the present banking and insurance tax method in force as the present method is the only just way in which they can be taxed.

It contains a tax limitation clause that prevents the county or any city or the state from increasing its budget above 5 per cent over the preceding year without permission of the Board of Equalization, in the case of cities and counties, or by a two-thirds vote of the Legislature in the case of the State. It, also, provides that no county or city budget can levy more than 50 per cent of the cost of that budget on real and personal property, which is commonly known as common property tax. The balance of that budget would be met by the State from other sources of income derived under this plan.

The Riley bill has passed the Senate without a dissenting vote and the Feigenbaum bill has passed the Assembly without a dissenting vote. If either of these plans are accepted by the people at a Special Election, the people of my district will immediately be benefited by a very substatial reduction in their present common property tax rates.

I stated in a recent letter my reason for voting against the Clowdsley-Inman Tax Equalization Bill on public utilities, because I believed that if this bill had passed, it would have prevented the passage of either the Riley or Feigenbaum bills, which have for their sole purpose, the equalization of utility taxes with that of common property, placing the utility properties on the same tax roll with common property, and the utility properties will pay the same tax rate that is paid by common property in each of the counties of the State.

The papers that criticised me regarding my utility vote have recently stated that if either of these plans are adopted, the Inman-Clowdsley bills would have no value because they could not be enacted into law, should the people accept the Riley or Feigenbaum plan.

The Clowdsley-Inman bills do not give any relief to the common property taxpayer, but the Riley-Feigenbaum bills extend to them a substantial relief by placing the utilities on the same level with the common propety taxpayer.

I shall be very happy to advance any information regarding these bills that is desired by the people of my district upon request, and I intend as soon as the Legislature has recessed, to go before the people of my district and explain these bills in detail that they might pass judgment upon them at a Special Election to be called early in June to consider these measures and the election of delegates to a convention to repeal the 18th Amendment.

SOCIAL EVENTS

Gold Flat Club Resumes Activities

The Gold Flat club held their first meeting of the year at the home of Mrs. Clarence Shurtleff.

The election of officers at this time returned all of those holding office to their respective positions.

The pretty rooms of Mrs. Shurtleffs home were artistically decorated with candlesticks and lilies, carrying out a color scheme of orange and white, in keeping with Eastertime.

A dainty luncheon was served at the conclusion of the business meeting.

Those present were: Mesdames Chester Clemo, Percy Waters, Joseph Day, Harold Clemo, Mary Clendennen, Jame Waters, Walker, Lyman Weeks, Gladys Rockefeller. Clarence Shurtleff, Fred Hawke, president, and Mrs. Thomas Hall of Grass Valley.

Woman's Civic Club Elect Officers Tonight

There will be a meeting of the Woman's Civic Improvement club this evening at which time an election of officers will be held, and they will assume their duties for the ensuing year.

Miss Minnie Brand and Mrs. H. E. Kjorlie attended the district convention last week, which was held in Sacramento from the 6th to the 8th. The report of this convention will be given tonight.

Mrs. H. E. Kjorlie is president of the club.

Native Daughters to Celebrate 45th Anniversary

The Native Daughters of the Golden West are preparing to celebrate their 45th anniversary April 19th.. Mrs. Addie Conner and Mrs. John O'Neill are acting jointly as chairmen of the committee for this entertainment. A splendid time is anticipated by all.

St. Agnes Guild Benefit Card Party is Success

A benefit card party for St. Agnes Guild was held Thursday at the pretty home of Mrs. Ed Uren.

Six tables of contract, auction bridge and Mah Jongg proved a happy diversion. Mrs. Edgar Barker won first prize in contract bridge; Mrs. George Stine, first prize in Auction birdige while Mrs. Autha Locklin won highest score in Mah Jongg.

Light refreshments were served at the close of the afternoon.

Birthday Party for Miss Betty Smith

Miss Marian German gave a party last Saturday in honor of the birthday of Miss Betty Smith.

Easter favors on the prettily arranged table added much to the charm of the occasion.

Those enjoying the afternoon were Misses Betty Smith, Adrian Barnhart, Marylin Chapman, Madeline Bettles, Katherine Davis and Marian German.

SKI DANCE COMMITTEE WILL MEET TONIGHT

The joint committee of nine which is making arrangements for the Ski Association benefit dance will meet this evening at 8 o'clock in the Nevada City Chamber of Commerce. This committee consists of three members each from the Nevada City Chamber of Commerce, the Grass Valley Chamber of Commerce, and from the Ski Association.

The members of the committee follows: Nevada City Chamber of Commerce—Meyers Mobley, H. Pen rose, and R. R. Goyne; Grass Valley Chamber of Commerce—Maurice Kach, Vernon Stoll and Dr. R. W. Dettner, with Earl Caddy acting as publicity director. Ski Association—S. Lee Leiter, Rollo Wright and Robert Tharp.

R. E. HARRIS HONORED BY NATIONAL PHARMACISTS

R. E. Harris, registered pharmacist of the Harris Drug store, has been selected for membership in the A. D. S. Fellowship, according to word received here today from the Fellowship headquarters, 580 Fifth Avenue, New York City.

The A. D. S. Fellowship is an informal organization of registered pharmacists all over the country who take pride in their profession and who render their services in the field of public health in rigid adherence to the highest standards and principles of pharmacy. The A. D. S. Fellowship is sponsor of the 'back-to-pharmacy" movement which is making rapid headway in every section of the United States. This movement seeks to remind the public that the local drug store is primarily a professional service institution and centers attention on the many invaluable services rendered to the sick and well of his community by the registered pharmacist.

STUDENTS BUILD GRID ON HI SCHOOL GROUNDS

Great progress is being made on the future football field on the lower part of the high school grounds.

The building of a stone wall and the hauling of dirt was required to even off the slanting hillside. The work is tedious but it is hoped that the field will be in condition for the next football season.

In addition to the tractor work on the field the high school boys are doing much to make it a success.

Little Girl Injured in Fall From School Swing

Helen Davidson, daughter of Mr. and Mrs. Louis Davidson, fell from a swing in the grammar school basement during recess last Friday morning and sustained severe injuries to her back.

LEGAL NOTICE.

Taxes
Notice To Taxpayers

In accordance with the provision of Section 3746 of the Political Code of the State of California. Notice is hereby given that the assessment roll of the County of Nevada, State of California, has been placed in my hands and that the taxes on all personal property, secured by real property, and one-half of the taxes on all real property will be due and payable on the first day of November, 1932, and will be delinquent on the 5th day of December, 1932, next thereafter, at five p. m. And unless paid prior thereto ten per cent will be added to the amount thereof, and that if said one-half is not paid before the twentieth day of April, 1933, next at five o'clock p. m. an additional five per cent will be added thereto.

That the remaining one-half of the taxes on all real property will be payable on and after the sixteenth day of January, 1933, next, and will be delinquent on the twentieth day of April, 1933, next, thereafter at five p. m. and that unless paid prior thereto five per cent will be added to the amount thereof.

That all taxes may be paid at the time the first installment herein provided is due and payable.

All taxes are payable at the Tax Collector's office during the usual office hours every day except holidays.

FRANK STEEL
Tax Collector of Nevada County, California.

NOTICE TO WOOD CONTRACTORS

NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Nevada, State of California, will receive up to but not later than Monday, April 3rd. 1933, at 10 o'clock A. M. sealed proposals in writing to furnish the County with 4 foot wood as follows:

210 cords of 4 foot pine wood and 45 cords of 4 foot oak wood to be delivered at the County Hospital and 45 cords of 4 foot pine wood and 12 cords of 4 foot oak wood to be delivered at the Court House. All of said wood to be delivered on or before October 1st, 1933.

All wood to be A-No. 1 and to be delivered subject to the approval of the Superintendent of the County Hospital and Court House.

All bids submitted must be accompanied by a certified check made payable to the Board of Supervisors in an amount equal to 10 per cent of the amount bid.

Published by Order of the Board.
E. B. DUDLEY,
Chairman of the Board.
Attest: R. N. McCormack, Clerk of the Board.
Publication Mar. 20, 27, April 3, 10.

GARFIELD ROBSON, IS NOW CHIEF OF POLICE

At an executive session Saturday evening the city council appointed Garfield Robson, former sheriff of Nevada county, to be chief of police of Nevada City. His princi-pal duties will be to rid the city of vagrants, enforcing traffic regulations, collect city license fees, and maintain and enforce city, county and state laws.

Herbert Hallett, whose duties supervising the city street and water works, make impossible adequate attention to the police work assigned him, will hereafter be relieved of duties as peace officer and devote his whole time to the above functions.
